Following on from 2014’s successful Summer Music Academy, the School of Music in partnership with St George’s College, is proud to present the 2015 Summer Music Academy.

This residential camp is specifically aimed at young musicians who have a passion for making music and refining their craft.

Supported by outstanding nationally and internationally recognised conductors and tutors, the Academy aims to nurture musicianship and ensemble skills of high school and tertiary students through large and small ensemble rehearsal and performance.

Intensive orchestral/ band/ keyboard and choral training as well as the development of general musicianship skills and recreational activities will take advantage of the world-class facilities offered at UWA and the adjoining St George’s College.

Located next to the Swan River, the picturesque grounds of both facilities provide the ideal place for students to interact, rehearse and play music.

The intensive tuition of the Academy culminates in a concert on the final day (December 11). Family, friends and the general public can purchase tickets through music.uwa.edu.au/community. Audio and visual recordings of the concert will be available for purchase for those who want to capture their memories!

The Academy is open to secondary school and tertiary students aged 15-25, however younger students may attend if accompanied by a parent or guardian.

If you are a young musician with a passion for making music and refining your craft, this camp is for you.
